#### Insurance Against Disease.

In certain instances there have been arrangements made between a physician and the head of a family that a fixed amount should be paid for each day the various members of a family continued in good health. But should sickness enter the household, the physician's usual stipend was discontinued. Such an agreement is founded on common sense, for we don't want to be made well, we want to be kept well. There is a great deal of unnecessary sickness resulting from a want of careful attention to bodily requirements. Keep the blood pure, keep the functional habits of the body regular, counteract the effects of exposure by always having a bottle of Dr. John Bull's Sarsaparilla in the household and using it in anticipation of an attack of illness or when the very first symptoms are manifest. Disease will not trouble you if you will heed this good advice. It is an excellent preventive of disease and decay, as well as a safe cure.—Marion Banner.

When a man and woman have been made one the honeymoon is the time spent in endeavoring to discover which is that one.—Yonkers Statesman.

THERE is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

GRATITUDE, IND., Feb. 24, 1887.  
DR. A. T. SHALEBERGER, Rochester, Pa. Dear Sir:—I have used your Antidote for Malaria for over a quarter of a century and have found it to be in every respect all that you claim for it. It not only cures chills and fever of every kind, but it is the best medicine I ever knew to build up the system when broken down from any cause. Respectfully yours, F. M. BROWN.

THE summer girl may disappear with the season, but the remembrance of her is a joy forever.

A GREAT mistake perhaps was made when Dr. Sherman named his great remedy Prickly Ash Bitters; but it is presumed that at that time all remedies for the blood, etc., were called Bitters. Had he called it Prickly Ash "Regulator," "Curative," or almost anything but Bitters, it undoubtedly would have superseded all other preparations of similar character. The name Bitters is misleading; it is purely a medicine, and cannot be used as a beverage.

THE worth of a man is not increased by adding to it the worth of his money.—N. O. Picayune.

OWING to exposure I have been indisposed with acute rheumatism about six months. Allen, M. D., Brandon, Ky.

WHEN all the cars are run by electricity, the term "lightning express" will be no misnomer.—Boston Gazette.

Donors' Electric Soap does not chap the hands, being perfectly pure. Many people afflicted with Salt Rheum have been cured by its use. Preserves and whitens clothes. Have your grocer order it and try it now.
